## Report of community survey

As a part of Community Health Nursing curriculum, 100 students are posted in the community every year. During posting, students conduct community survey to identify the health problems of the area. Each student take survey of 5 houses. The data collected during survey is analyzed and survey presentation is conducted. Based on the survey, research projects are conducted in the area. Apart from this, the problems identified are informed to the local authority for appropriate interventions.
