f. 30 COVID Research projects underway

6.8 Any Threats / Issues to be Highlighted

COVID pandemic has brought forth a lot of challenges in medical education. A break of 9 months has to be made up though online classes were going smoothly, clinics, practicals and examinations to be conducted observing COVID -19 protocols.

6.9 Future Plans

- Empower medical education unit and curriculum committee
- Focus on PG academics
- Blend of online and offline medical education.
- More impetus on UG and PG research

7. AMALA COLLEGE OF NURSING AND RESEARCH CENTRE

A campus without students was the specialty of 2020. The concept of online campus originated and functioned successfully. Even though the students and majority of teachers were not present in the Campus College was actively rendering teaching and learning activities during this academic year except during the lock down period. Most of the functions were carried out successfully through virtual platforms effectively.

7.1 Admission of Students

Even though admission to the 15th batch of B.Sc. Nursing students and 8th batch of M.Sc. Nursing students were completed on September 2019 and their classes commenced on October 2019, the admission to 16th batch of B.Sc. Nursing and 9th batch of M.Sc. Nursing students was only completed by 23rd December 2020. The classes commenced on the first week of January 2021. Currently we have 249 UG (including the outgoing batch), 13 PG and 5 Ph.D. students.

7.2 Academic Results

The university examination result during the past 3 years is given in the table below.

		2017	2018	2019
I year B.Sc. Nursing	Pass percentage	98	95.9	80
	First Class	39	37	37
	Distinction	06	01	3
II year B.Sc. Nursing	Pass percentage	98	98	89.8
	First Class	43	46	42
	Distinction	02	03	02

9. Amala School of Nursing

We are training the students by focusing student's intellectual, spiritual and emotional growth. Our students are well equipped to take up the job by the time they finish their course, they are so trained that they are readily absorbed by hospitals of their choice.

There are various committees such as Curriculum Committee, Education Committee, Spiritual Committee, Health Committee, Entertainment Committee, Anti-ragging Committee and Discipline Committee to help the students to inculcate and develop professional quality, update knowledge and exhibit their talents in all the aspects. Curriculum has been planned and implemented as per the requirement prescribed by the KNMC. Faculty attends CNE and workshops in Amala and outside which helps them to update their knowledge and sharpen their professional skills. Students conduct and participate in unit and zonal SNA activities and have also won the prizes. It helps them to bring out their potentials and exhibit their talents.

9.1 Admission

Admission of 41st batch of GNM students has been completed and classes will begin on 3rd October, 2019.

4. MEDICAL COLLEGE HOSPITAL

We had an eventful last year as we had to go through the COVID pandemic situation. We were well prepared with all measures and precautions for managing the COVID scenario. Slowly we are getting back to normal from the impacts of COVID.

We are starting a Mobile Mammogram for improving access to screening and to deliver services to women in their neighbourhoods, eliminating transportation barriers.

A new wing for Infectious diseases is started. Ward 18 is considered as the covid ward with a highly equipped ICU with 6 beds and one step down ICU.

Dr. Parvathy started consultation in Paediatric neuro & an Occupational therapist joined the team to help the little ones for their normal development and rehabilitate to maintain the skills needed for daily living and working.

Critical Care Team was formed with the doctors from departments of Anaesthesia, Pulmonary medicine and General Medicine. This team provides around the clock support to Critical Care patients admitted in CICU. This helps to provide timely and effective support of the patients. Clear guidelines have been prepared for admission and discharge of patients from Critical ICU (CICU). This team helped to improve overall survival rate of patients admitted in CICU.

COVID 2nd wave was managed effectively. Trainings and lessons learned helped us to manage the situation without much issue. Till now, we have treated 2400+ patients with peak patient numbers crossing 150. As of today we have only 10 patients, the area is well isolated with physical separations.

Cosmetology Department has launched few products branded as Amala Radiance. These products include Moisturizer, Face wash and Skin Brightening Serum.

To strengthen patient relations, team of patient relations executives were designed in the Operations department. Various awareness programmes have been conducted.
