STATE LEVEL CONFERENCE

# CRITI CARE NURSING 2018

Exploring various dimensions of Critical Care Nursing

.....  
Date : 22.05.2018 | Time : 08.00 am – 05.00 pm

Venue : Osler Hall, KIMS, Trivandrum  
.....

*19/05/18*

Dear Delegate

Kerala Institute of Medical Science (KIMS), Trivandrum, an NABH and ACHSI accredited hospital invites you to attend a conference on Critical Care Nursing, 'CRITICARE NURSING 2018' Exploring various dimensions of Critical Care Nursing' on 22<sup>nd</sup> May 2018.

About the conference

Critical care nurses must possess an extensive body of knowledge in the present advanced era in order to provide competent and holistic care to critically ill patients and their families. As the health care delivery system continues to develop and evolve newer methods, so does the discipline of nursing and the specialty of Critical Care Nursing.

In response to the ever changing health care delivery system, critical care nurses require to champion the needs of the patient and family, integrating and improving standards of care striving to maintain patient safety engaging in interdisciplinary collaboration, and developing health work environment all in the pursuit of quality care outcomes.

'CRITICARE NURSING 2018' focuses on bringing together various dimensions of critical care nursing including scope, assessment, communication, safety, focused and integrated management of critically ill patient including humanization.

**AIM**

To create awareness about various aspects of critical care nursing among nurses emphasizing the role of nurse in caring critically ill patients and their families.

**OBJECTIVES - State level Conference**

After the conference the delegates will be able to

1. identify the scope of critical care nursing.
2. assess critically ill patients systematically.
3. develop skills in communicating with critically ill patients.
4. formulate nursing care pathway of critically ill.
5. conceptualize humanization of ICU.
6. identify transportation of critically ill patients.
7. modify nursing care of post operative patients.
8. generalize care for patient with drug overdose
9. recognize infection control measures in ICU.
10. discuss various aspects of ARDS.
11. apply patient safety measures in clinical practice.
